

DIKSHA SASANE

Java Backend Developer

📞 7083803507 /dikshasasane23@gmail.com/  LinkedIn  GitHub

PROFESSIONAL SUMMARY

Java Backend Developer with 2 years of production experience building and enhancing enterprise banking and cash management applications. Hands-on experience in Java, Spring Boot, Spring MVC, REST APIs, SQL, PL/SQL, Oracle, JSP, and JavaScript, with a strong focus on backend development, API integration, and production issue debugging. Skilled in implementing business validation logic and delivering production-ready enhancements within Agile teams. Familiar with CI/CD practices, code reviews, and building scalable applications. B.Tech in Computer Science, SGPA 9.78/10.

TECHNICAL SKILLS

Languages: Java, SQL, PL/SQL

Backend: Spring Boot, Spring MVC, Hibernate, JPA, REST APIs, Microservices, OOP, Collections, Exception Handling

Databases: Oracle, MySQL, PostgreSQL, MongoDB

Frontend: JSP, React.js, JavaScript, HTML, CSS, jQuery

Developer Tools: Git, Maven, Postman, Jenkins (CI/CD basics), Docker (containerization basics)

Concepts: Agile Methodology, CI/CD Pipelines (basic understanding)

Problem Solving: 100+ DSA problems solved ([LeetCode](#))

PROFESSIONAL EXPERIENCE

Software Engineer — Tech Mahindra

Pune, India | Sept 2024 – Present

- Client engagement: Finastra. Work on enterprise corporate banking and cash management applications for a leading banking client, in a live production environment.
- Build backend enhancements using Java, Spring Framework, Oracle, SQL, and PL/SQL for transaction processing and cash management workflows.
- Design, build, and enhance RESTful APIs for enterprise banking integrations — covering requirement analysis, development, testing, and deployment support.
- Analyse production defects, debug backend code and logs, and deliver timely fixes for production and UAT issues.
- Implement transaction validations, enrichment logic, and business rule processing for banking modules; optimize SQL queries and backend logic to reduce API response time by ~20%.
- Work in an Agile SDLC environment, collaborating with onsite/offshore, cross-functional teams to deliver production-ready enhancements.

Web Developer Intern — Posit Source Technologies Pvt. Ltd

Baner, Pune | Jan 2024 – June

2024

- Developed a Leave Portal, a real-time MERN stack enterprise application, with a React.js + Redux frontend.
- Worked on role-based authentication and dashboard workflows.

Java Developer Intern — Codemind Technologies

Remote | May 2023 – Aug 2023

- Created enterprise applications using Spring Boot and Hibernate; developed RESTful APIs for frontend-backend integration.
- Integrated MySQL database with JPA for ORM; designed JSP-based UI components following MVC architecture.

KEY PROJECTS

FCM — Cash Management System (Banking Domain) | Java, Spring, Oracle, SQL, REST API, JSP, JS

- Worked on backend development of a corporate banking cash management module used by enterprise clients, implementing transaction validation, enrichment, and business logic using Java and Spring.
- Ensured data consistency between UI, backend services, and database layers.
- Resolved production and UAT issues through log analysis, debugging, and coordination with QA teams.

API Development | Java, Spring, SQL, Postman

- Worked in parallel on backend API development for enterprise banking applications, implementing request validation, response mapping, and exception handling.
- Supported multiple modules by delivering APIs consumed by frontend and internal services; used Postman to verify request parameters, response structure, and HTTP status codes.

Leave Portal | React.js, Tailwind CSS, Radix UI, Clerk API, MongoDB, Python, Fast API

- Designed a role-based authentication system for employees and admins with an intuitive dashboard.

EDUCATION

B.Tech, Computer Science and Engineering — SVRI's College of Engineering, Pandharpur

SGPA: 9.78/10 | 2024 | Pandharpur, Solapur

CERTIFICATIONS

- AWS Cloud Practitioner • Google Cloud Fundamentals • Essential Google Cloud Infrastructure • Java Spring Framework 6 & Spring Boot 3 (Telusko)
